# Greenleaf Home Essentials

## Customer Feedback Report, April 2025 to March 2026

PRACTICE DATA - Greenleaf Home Essentials is a fictional company. All figures are invented for classroom use.

## 1. About This Report

This report summarises feedback collected through the post-delivery survey sent by email and app notification after each order. Customers rated their experience from 1 (very poor) to 5 (excellent) and could add written comments. The survey is voluntary. Customer care staff read every comment and assigned each complaint to one primary category. Scores for the previous year (FY 2024-25) are given where available for comparison.

## 2. Survey Response

| Measure | Value |
|---|---|
| Orders delivered in period | 49,000 |
| Survey responses received | 1,200 |
| Response rate | 2.4% |
| Responses that included a complaint | 780 (65%) |
| Responses with positive comments only | 310 (26%) |
| Responses with a rating only, no comment | 110 (9%) |

Customers who had a problem were more likely to respond, so the results may over-represent unhappy customers.

| Quarter | Responses | With a complaint | Complaint share |
|---|---|---|---|
| Q1 (Apr-Jun) | 330 | 150 | 45.5% |
| Q2 (Jul-Sep) | 300 | 186 | 62.0% |
| Q3 (Oct-Dec) | 290 | 214 | 73.8% |
| Q4 (Jan-Mar) | 280 | 230 | 82.1% |
| **Full year** | **1,200** | **780** | **65.0%** |

## 3. Satisfaction Scores

| Measure | FY 2024-25 | FY 2025-26 |
|---|---|---|
| Average satisfaction (out of 5) | 4.2 | 3.6 |
| Net Promoter Score (NPS) | +32 | +8 |
| Customers who say they would buy again | 71% | 52% |

| Quarter FY 2025-26 | Average satisfaction (out of 5) |
|---|---|
| Q1 (Apr-Jun) | 4.1 |
| Q2 (Jul-Sep) | 3.8 |
| Q3 (Oct-Dec) | 3.4 |
| Q4 (Jan-Mar) | 3.2 |

Satisfaction began to fall in the quarter in which the delivery courier was changed (July 2025) and kept falling.

### *Rating distribution, FY 2025-26 (1,200 responses)*

| Rating | Responses | Share |
|---|---|---|
| 5 (excellent) | 400 | 33.3% |
| 4 | 330 | 27.5% |
| 3 | 200 | 16.7% |
| 2 | 140 | 11.7% |
| 1 (very poor) | 130 | 10.8% |
| **Total** | **1,200** | **100%** |

### *Net Promoter Score breakdown*

| Group | FY 2024-25 | FY 2025-26 |
|---|---|---|
| Promoters (would strongly recommend) | 52% | 38% |
| Passives | 28% | 32% |
| Detractors (unlikely to recommend) | 20% | 30% |
| **NPS (promoters minus detractors)** | **+32** | **+8** |

## 4. Main Complaint Categories

Each of the 780 complaints was assigned to one primary category by the customer care team.

| Primary complaint | Count | Share of complaints |
|---|---|---|
| Delivery delays | 312 | 40% |
| Damaged products on arrival | 164 | 21% |
| Slow or unhelpful customer support | 125 | 16% |
| Delayed refunds | 94 | 12% |
| Product quality | 55 | 7% |
| Pricing | 30 | 4% |
| **Total** | **780** | **100%** |

### *Complaints by quarter, FY 2025-26 (count)*

| Complaint type | Q1 | Q2 | Q3 | Q4 | Total |
|---|---|---|---|---|---|
| Delivery delays | 30 | 78 | 100 | 104 | 312 |
| Damaged products | 38 | 38 | 44 | 44 | 164 |
| Customer support | 28 | 29 | 33 | 35 | 125 |
| Delayed refunds | 20 | 22 | 25 | 27 | 94 |
| Product quality | 20 | 11 | 9 | 15 | 55 |
| Pricing | 14 | 8 | 3 | 5 | 30 |
| **Total** | **150** | **186** | **214** | **230** | **780** |

Delivery complaints more than doubled between Q1 and Q2, the quarter of the courier change. Pricing complaints fell during the year.

### *Damaged-product complaints by category*

| Product category | Damage complaints | Average satisfaction (out of 5) |
|---|---|---|
| Storage products | 71 | 3.3 |
| Home decor | 48 | 3.6 |
| Kitchenware | 33 | 3.9 |
| Bedding | 12 | 3.1 |
| **Total** | **164** | **-** |

Most damage complaints concerned glass storage jars and ceramic items. Bedding has the lowest satisfaction score, mainly because of late delivery and slow refunds on returns.

## 5. Delivery Performance

Average delivery time rose from 4.1 days in FY 2024-25 to 6.8 days in FY 2025-26. The longer the wait, the lower the rating. Many comments mention poor parcel tracking and no proactive updates when a delivery was delayed.

| Delivery time | Share of delivered orders | Average rating (out of 5) |
|---|---|---|
| Within 4 days | 24% | 4.5 |
| 5 to 7 days | 38% | 3.9 |
| More than 7 days | 38% | 2.8 |

| Delivery measure | FY 2024-25 | FY 2025-26 |
|---|---|---|
| Average delivery time (days) | 4.1 | 6.8 |
| Orders delivered late against the promised date | 12% | 41% |
| Failed first delivery attempts | 6% | 15% |
| Parcels with working live tracking | 88% | 54% |

## 6. Customer Support Performance

| Measure | FY 2024-25 | FY 2025-26 |
|---|---|---|
| Support tickets received | 9,400 | 14,100 |
| Tickets per 100 orders | 18.1 | 28.8 |
| Average first response time (hours) | 8 | 31 |
| Average time to resolve (days) | 2.1 | 4.6 |
| Average time to receive a refund (days) | 3 | 11 |
| Customer support staff (employees) | 10 | 10 |

Ticket volume rose by 50% while the support team stayed the same size.

## 7. What Customers Like

Positive comments focused on the product itself, not on the service. Among the 310 positive-only responses, the most common themes were:

| Theme in positive comments | Mentions |
|---|---|
| Attractive product design | 210 |
| Good value for money | 140 |
| Kitchenware range and quality | 120 |
| Easy website and app | 85 |
| Good packaging of non-fragile items | 40 |

A comment can mention more than one theme, so mentions do not add up to 310.

## 8. Sample Customer Comments (fictional)

## 10. Limitations

• The survey did not collect city or region, customer age, or whether the customer was new or returning.

• Competitor satisfaction was not measured.

• Responses came from 2.4% of orders and may not represent all customers.

• Each complaint was placed in only one category, although some customers raised several problems.

• Reasons for returns were not recorded in a way that could be linked to survey responses.
